My dear Linds,

I think your suggestions respecting the best uses to the cause of Mr. Lawson & Mr Whipple a most excellent one. It seems to me no Donor to our cause could possibly devise or imagine a better appropriation of Funds; — While the payment to Lawson as an Anti-Sla

very lecture, putting it in his power to engage Whipple, obviates all connection of the Mass. Soc. with the Lib. but the indissoluble moral one, which money has nothing to do with.

I hope I have not been mistaken in supposing J. Walker the person meant by Mr Stuge. But he mentions no names — "the captain mentioned in the Standard" was all he says. I had forgotten Drayton as much as if he had never lived & suffered. Does he yet live? —

Hoping to get through
the present duties in
season to see you at
the annual meeting,
I am, dear Dr Lebson,
always yours truly
H. W. Chapman.

I will send you all
the Stage Bates soon,
and my counsel to the
Board would be exactly
what you suggest. It
seems to me "a heaven-
born idea."
H.W.C.

Mr. W. Chapman
